1 Identification

Product identifier

Trade name: **PROCOR 20 TROWEL GRADE PART A**

SDS ID Number: 60151

Relevant identified uses of the substance or mixture, and uses advised against

Specialty construction product. Not intended for other uses

Details of the supplier of the safety data sheet

Manufacturer/Supplier:

GCP Applied Technologies
62 Whittemore Avenue
Cambridge, MA 02140 USA

GCP Canada, Inc.
294 Clements Road W.
Ajax, Ontario L1S 3C6 Canada

Information department:

Environmental Health & Safety

+1-800-354-5414 (8AM - 5PM) Not functional within Massachusetts
CAN: 1-905-683-8561 (24 hours)
Email address: msds.gcp@gcpat.com

Transport Emergency: Chemtrec +1-800-424-9300 (24 hours)

2 Hazard(s) identification

Classification of the substance or mixture

Causes severe skin burns and eye damage.
Causes serious eye damage.
May cause respiratory irritation.
May be fatal if swallowed and enters airways.

Label elements:

Hazard pictograms

GHS05  GHS07  GHS08

Danger

Hazard statements

Causes severe skin burns and eye damage.
May cause respiratory irritation.
May be fatal if swallowed and enters airways.

Precautionary statements

Avoid breathing dust/fume/gas/mist/vapors/spray
Wear protective gloves/protective clothing/eye protection/face protection.
IF SWALLOWED: Immediately call a POISON CENTER/doctor.
If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
**4 First-aid measures**

**Description of first aid measures**

**General information:** Get medical advice/attention if you feel unwell.

**After skin contact:**
Immediately wash contaminated skin with soap or mild detergent and water. If this chemical soaks clothing, immediately remove clothing and wash skin.
In case of skin contact, clean fingernails and wash skin with soap and water. If residue remains clean with waterless hand-cleaner or abrasive soap. Never use solvents.
If discomfort or irritation persists, consult a physician.
Remove contaminated clothing and wash before reuse.

**After eye contact:**
Rinse opened eye for several minutes under running water.
Seek immediate medical advice.
**Trade name:** PROCOR 20 TROWEL GRADE PART A

### 44.3.3 After swallowing:
- Do NOT induce vomiting.
- Immediately call a doctor.
- Never give anything by mouth to an unconscious person.

### Information for doctor:
- **Most important symptoms and effects, both acute and delayed** No further relevant information available.
- **Indication of any immediate medical attention and special treatment needed** No further relevant information available.

### 5 Fire-fighting measures
- **Special hazards arising from the substance or mixture** No further relevant information available.
- **Additional information** Collect contaminated fire fighting water separately. It must not enter the sewage system.

### 6 Accidental release measures
- **Personal precautions, protective equipment and emergency procedures**
  - Wear protective equipment. Keep unprotected persons away.
- **Environmental precautions:**
  - Oils spills released directly to waterways may be subject to reporting requirements. Immediately contact your company’s environmental coordinator.
- **Methods and material for containment and cleaning up:**
  - Contain and/or absorb spill with inert material (i.e. sand, vermiculite) then place in a suitable container.
  - Sweep up spilled product into receptacles.
  - Dispose contaminated material as waste according to section 13 of the SDS.

### Reference to other sections
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

### 7 Handling and storage
- **Handling:**
  - **Precautions for safe handling**
    - Risk of serious damage to eyes.
    - Open and handle receptacle with care.
    - Prevent formation of aerosols.
    - Avoid contact with eyes, skin and clothing.
    - Do not take internally.
    - Practice good personal hygiene to avoid ingestion.
    - Use only with adequate ventilation.
    - Wash clothing before reuse.
    - Wear respiratory protection during spray applications.
    - A&B (and A with water) reaction is exothermic releasing heat.
    - Fumes may also be released if unused mixed product is allowed to sit in containers or if thickness exceed 120 ml.
    - Do not touch material once thickening (reaction) begins, and until cured and cool.
    - Hot sticky product will adhere to skin.
    - Contact with hot materials will result in burns.
    - Procor 75 (A&B) is designed for spray application with mixing of A&B component at the spray nozzle.
The usual precautionary measures for handling chemicals should be followed.

Breathing equipment:

*Disclaimer: The information provided is for general guidance only and should not be used for any specific application. Always consult local regulations and safety data sheets before use.*

USGHS
Trade name: PROCOR 20 TROWEL GRADE PART A

Control exposure to ingredients with workplace control parameters if mentioned above. If no ingredients are listed, respiratory protection is generally not required.

If exposure limits are listed and may be exceeded, use approved respiratory protective equipment and filter type appropriate for the listed ingredients. (NIOSH, CEN, etc.).

**Protection of hands:** Gloves should be worn to prevent skin contact and should be impermeable and resistant to the product.

**Material of gloves** Gloves should be worn to prevent skin contact and should be impermeable and resistant to the product.

**Eye protection:**

Safety glasses with side shield protection.

Safety glasses with side shields should be worn to prevent contact due to splashing. Under high vapor mist concentrations, tightly sealed goggles should be worn.

A face shield should also be worn if there is potential exposure to splash or spray.

**Body protection:**

Protective work clothing

Use personal protective equipment as required.

Take off contaminated clothing.

Solubility in / Miscibility with Water: Not miscible or difficult to mix.

Partition coefficient (n-octanol/water): Not determined.

Viscosity:
  Dynamic: Not determined.
  Kinematic: Not determined.
  Molecular weight: Not applicable.

Other information: No further relevant information available.

10 Stability and reactivity

Reactivity Stable under normal conditions.

Chemical stability

Thermal decomposition: No decomposition if used according to specifications.

Possibility of hazardous reactions: No further relevant information available.

Conditions to avoid: No further relevant information available.

Incompatible materials: No further relevant information available.

Hazardous decomposition products: Carbon monoxide and carbon dioxide

Additional information: See section 7 for information on handling, storage and conditions to be avoided.

11 Toxicological information

Information on toxicological effects

Acute toxicity:

Primary irritant effect:
  on the skin: Causes severe skin burns and eye damage.
  on the eye: Causes serious eye damage.
  inhalation: No irritating effect expected

Ingestion: Harmful: may cause lung damage if swallowed.

Additional toxicological information:

Carcinogenic categories

IARC (International Agency for Research on Cancer) Human Carcinogenicity:
  Group 1- Positive, Group 2A- Probable, Group 2B- Possible, Group 3- Not Classifiable

14808-60-7 Quartz (SiO2) 1

NTP (National Toxicology Program)
  K–Known to be carcinogenic, R–May reasonably be anticipated to be carcinogenic

14808-60-7 Quartz (SiO2) K

OSHA-Ca (Occupational Safety & Health Administration)

1314-13-2 Zinc oxide
### 12 Ecological information

</table>

**Persistence and degradability** No further relevant information available.

**Behavior in environmental systems:**

- **Bioaccumulative potential** No further relevant information available.
- **Mobility in soil** No further relevant information available.

**Ecotoxical effects:**

- **Remark:** Harmful to fish

**Additional ecological information:**

- **General notes:** Harmful to aquatic organisms

**Results of PBT and vPvB assessment**

- **PBT:** Not applicable.
- **vPvB:** Not applicable.

**Other adverse effects** No further relevant information available.

### 13 Disposal considerations

**Disposal methods:**

Consult all regulations (federal, state, provincial, local) or a qualified waste disposal firm when characterizing product for disposal. Dispose of waste in accordance with all applicable regulations.

**Recommendation:**

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

**Uncleaned packagings:**

**Recommendation:** Dispose of contents/container in accordance with local/regional/national/international regulations.

**Special precautions for user**

Not applicable.

**Transport/Additional information:**

Not classified as a dangerous good for transport by road, rail or air.

**DOT Remarks:**

Not Regulated.

**UN "Model Regulation":**

Not applicable.

## 15 Regulatory information

### SARA (Superfund Amendments and Reauthorization Act)

<table>
<thead>
<tr>
<th>Section 302/304 (extremely hazardous substances):</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>None of the ingredients is listed.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Section 313 Reportable Ingredients (Chemicals present below reporting threshold are exempt):</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>1314-13-2 Zinc oxide [1.6%]</td>
<td></td>
</tr>
</tbody>
</table>

### SARA Section 312/Tier I & II Hazard Categories:

- Health Hazard - Skin Corrosion or Irritation
- Health Hazard - Serious eye damage or eye irritation
- Health Hazard - Specific target organ toxicity (single or repeated exposure)
- Health Hazard - Aspiration Hazard

### North America Chemical Inventory Status

### Right to Know Ingredient Disclosure:

Proprietary - Castor oil based ester - NJ801415063P

### California Proposition 65

#### Chemicals known to cause cancer:

- Quartz (SiO2)
- lead
- cadmium (non-pyrophoric)

#### Chemicals known to cause reproductive toxicity for females:

- 7439-92-1 lead

#### Chemicals known to cause reproductive toxicity for males:

- 7439-92-1 lead
- 7440-43-9 cadmium (non-pyrophoric)

#### Chemicals known to cause developmental toxicity:

- 67-56-1 Methanol
- 7439-92-1 lead
- 7440-43-9 cadmium (non-pyrophoric)

**NIOSH-Cancer (National Institute for Occupational Safety and Health)**

| 14808-60-7 Quartz (SiO2) |

Volatile Organic Compounds (VOC) reported per the Emission Standards. 75 g/l (As applied)

---

### 16 Other information

The data included herein are presented in accordance with various environment, health and safety regulations. It is the responsibility of a recipient of the data to remain currently informed on chemical hazard information, to design and update its own program and to comply with all national, federal, state and local laws and regulations applicable to safety, occupational health, right-to-know and environmental protection.

**Department issuing SDS:**

GCP Applied Technologies
62 Whittemore Avenue
Cambridge, MA 02140 USA
USA: +1-617-876-1400 (24 hours)
+1-800-354-5414

**Other Information:**

There is sufficient information to conclude that the relative risk of lung cancer is increased in persons with silicosis. Therefore preventing the onset of silicosis will also reduce the cancer risk.

**Date of preparation / last revision** 03/29/2017 / 1.1

**The first date of preparation** 03/29/2012

**Number of revision times and the latest revision date** 1.2 / 03/29/2017
