

PREPRUFE® Liquid Flashing

Proven Performance

TRUSTED ON COMPLEX PROJECTS

Part of The
PREPRUFE®
Waterproofing System

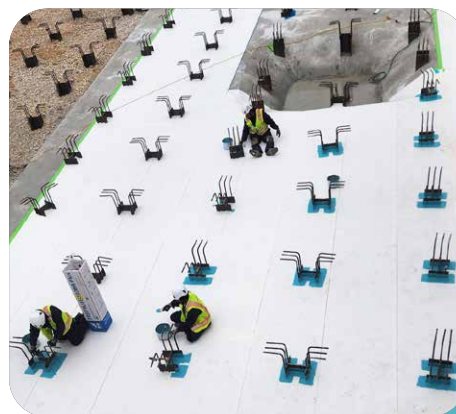

SAINT-GOBAIN

Over 500,000 Watertight Details Completed & Counting

When introducing new solutions into critical below-grade waterproofing systems, confidence matters.

Architects, consultants, and contractors demand proven performance—not just promises. That's why **PREPRUFE®** Liquid Flashing has quickly gained traction across North America—earning trust on high-profile, technically demanding projects where reliability is non-negotiable.

TRUSTED ON LANDMARK PROJECTS

PREPRUFE® Liquid Flashing has already been specified and installed on a wide range of high-visibility projects, including:

HEALTHCARE

- **INOVA Hospital** – Alexandria, VA
- **Swedish Hospital** – Seattle, WA
- **St. Jude Children's Hospital** – Memphis, TN
- **AdventHealth** – Orlando, FL
- **Vogel Cancer Center** – Tinton Falls, NJ
- **UT Southwest Children's Hospital** – Dallas, TX

HIGHER EDUCATION

- **Johns Hopkins University Applied Sciences** – Laurel, MD
- **University of Wisconsin Engineering Bldg.** – Madison, WI
- **University of Wisconsin Health Center** – Madison, WI
- **Northwestern University – Jacobs Center** – Evanston, IL
- **Northeastern Illinois University** – Chicago, IL
- **UMass Amherst** – Amherst, MA

SPORTS & SPECIALTY FACILITIES

- **Baltimore Ravens Training Center** – Owings Mills, MD
- **Denver Broncos Training Facility** – Centennial, CO

COMMERCIAL & MIXED-USE

- **70 Hudson Yards** – New York, NY
- **Netflix Brooklyn** – Brooklyn, NY
- **Newbury Street Retail Development** – Boston, MA
- **Dominion Square** – Vienna, VA
- **Loop Apartments** – Jackson, WY

INFRASTRUCTURE & PUBLIC SECTOR

- **Gateway Tunnel Project** – New York, NY
- **JFK Airport Terminal 1** – New York, NY
- **Salt Lake City International Airport** – Salt Lake City, UT
- **Lakeport Courthouse** – Lakeport, CA
- **Public Schools 388 & 533** – New York, NY

ADVANCED RESEARCH & TECHNOLOGY

- **Intel** – New Albany, OH
- **Regeneron Campus** – White Plains, NY
- **Gilead Labs** – Foster City, CA
- **National Institutes of Health Lab** – Hamilton, MT

Why PREPRUFE® Liquid Flashing?

Seamless System Compatibility

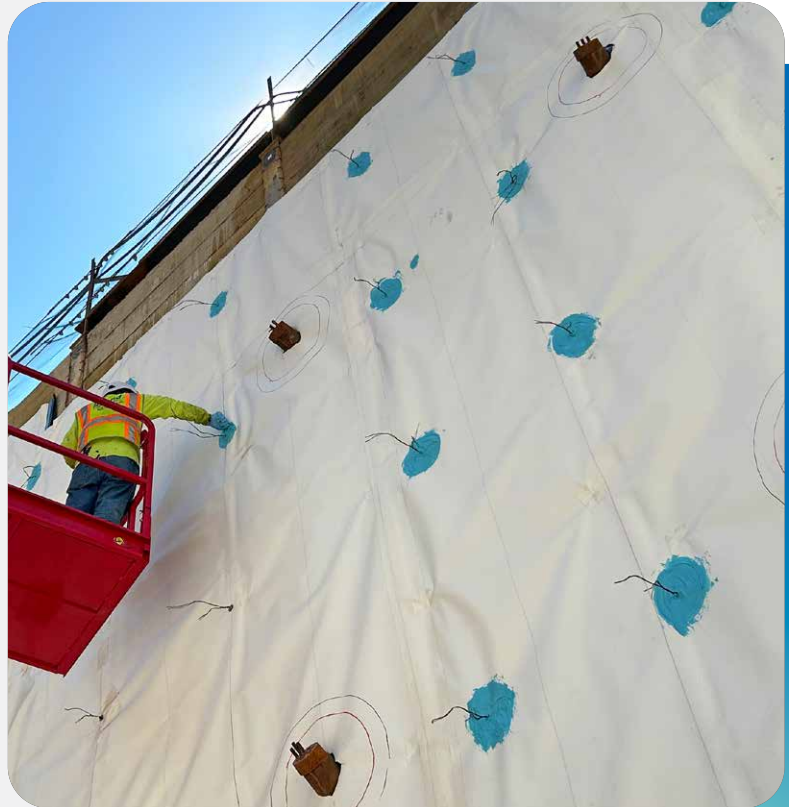

- Designed to integrate with the full **PREPRUFE®** waterproofing system
- Enhances continuity at penetrations, transitions, and complex details

Simplicity & Ease of Application

- Reduces multiple step complex installations to one simple step
- Installation is much faster than traditional details
- Ideal for hard-to-reach or irregular geometries

Reliable Adhesion & Performance

- Excellent adhesion to concrete and approved substrates
- Maintains continuity even in difficult site conditions

Join the growing number of project teams specifying **PREPRUFE®** Liquid Flashing as their go-to solution for below-grade detailing.

Protection Starts Below Grade

True building protection isn't achieved in layers—it's achieved in continuity. Our portfolio of solutions and unparalleled service gives you peace of mind.

From below-grade waterproofing to horizontal deck waterproofing and air barriers to roofing and critical PLUS elements such as fireproofing, thermal and acoustic controls, and electrochromic glass, 6Sides+ brings proven solutions together into one coordinated approach.

Take advantage of:

- Single Source Warranties
- Comprehensive Tie-In Details
- Dedicated Field Support

Build with confidence.
