GCP Manufacturer Qualification

GCP offers a wide range of innovative construction products, including: structural waterproofing systems, air barrier systems, roofing underlayment, fire protection products, concrete admixtures, fibers, cement processing additives and products for architectural and precast concrete.

- Experience: GCP has over 50 years of industry expertise and decades of success in creating new product categories and markets.
- Proven: GCP has been innovating, developing and manufacturing air barrier system & structural waterproofing system over 50 years with more than +1.5 billion sq ft produced and installed around the globe.
- Scale: GCP is headquartered in Alpharetta, Georgia, USA and has manufacturing, R&D and technical services sites located worldwide.
    - GCP has manufacturing, R&D and technical services in more than 40 countries on six continents.
    - Sales offices and distributors are present around the world as GCP serve customers in over 100 countries.
- Sustainable: GCP products and technologies provide sustainable benefits for employees, customers and the earth. As a global leader and corporate citizen, GCP is committed to weaving sustainable solutions into all our business practices.
- Certified: GCP products are approved and certified by external bodies like LARR, BBA, ABAA, NFPA, ICC, FM & UL.
- Quality:
    - GCP has been registered by Intertek as conforming to the requirement of ISO 9001:2015 management system applicable to the manufacture and distribution of structural waterproofing, air vapor barrier, roofing underlayment and products associated with building performance and durability.
    - As part of BBA product certificate agreement, all approved products have to pass a comprehensive assessment which includes laboratory tests, on-site evaluation, checks on compliance with building regulation, considerations of other statutory or no statutory requirement and regular monitoring of product manufacture throughout the life of the certificate.
    - GCP manufacturing is audited bi-annually by BBA to maintain our CE mark.
    - GCP undergoes quarterly audits for our UL mark.
    - GCP is audited bi-annually by ICC-ES to maintain multiple product reports.
    - GCP is audited annually by Miami-Dade County for the approved products.

GCP products have been used to build some of the world's most renowned structures. More information is available at www.gcpat.com.
